# What is the SOAR Medal?

## Award Criteria

The SOAR Medal is SOAR's top honour. The SOAR Medal is the highest expression of esteem that SOAR can convey. It honours those who have made a significant contribution and demonstrated their commitment to the field of administrative justice, who have been dedicated and active members or supporters of SOAR, and who have made a significant contribution to the administrative justice field and to the well-being of the community at large. To be eligible for the award, an individual must meet the following criteria:

- consistent outstanding service and achievement or exceptional leadership dedicated to advancing excellence in the field of administrative justice, above and beyond the successful completion of day-to-day responsibilities; or
- A singular accomplishment of particular significance to the administrative justice community.

Although it is not mandatory for the award recipient to have volunteered for SOAR, the selection committee will consider an individual's unpaid volunteer service with SOAR.
